Historic, Archive Document

Do not assume content reflects current scientific knowledge, policies, or practices.
WE are strictly growers and do not buy any stock. Everything we offer is grown right here in New Brunswick.

Our roses are 2 year field grown, budded on JAPANESE MULTIFLORA, the best stock for the greater part of the U. S. It positively will not "sucker."

We winter our roses in unheated sheds with their roots in the ground and the tops in the air. This makes a hardy top for spring planting. Whenever possible, we favor full planting.

Roses require a good deal of moisture, even when dormant, and much trouble can be traced to lack of water. After you receive your roses, if it is intended to sell them dormant, they are best heeled in deeply, protected from wind and severe temperature changes and kept shaded and well watered.

Terms of Sale

Cash or references from unknown parties.

Packing free when cash accompanies the order, otherwise, at cost.

All shipments made at purchaser’s risk. All orders taken subject to crop failure or conditions beyond our control.

Complaints, if any, must be made promptly on receipt of shipment.

We give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter, of any roots, bulbs or plants we sell. If the purchaser does not accept the goods on these terms, they are at once to be returned.

QUALITY WINS

It is our policy to see that every customer is a satisfied customer, and by growing and producing better Roses and Plants, we know we are fulfilling the greater part of that policy.

Our greatest publicity comes through our satisfied customers, and it is our desire to retain this favorable publicity.

QUALITY means your satisfaction and that of your customers.—We give you that quality.
